Dear Mr. Gratton,

**Subject: External Verification of TSM Self-Assessment for Teck Resources Limited**

Teck Resources Limited has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators.

Our TSM Verification Process included an independent review performed by Environmental Resource Management (ERM). ERM assessed Teck's reported performance indicator results for the year ending December 31, 2014 as measured against the requirements of MAC's TSM Performance Indicators.

Performance was verified for the following operations:

- Coal Mountain
- Line Creek
- Vancouver (for the Corporate Level Crisis Management Planning Protocol)

The results submitted online reflect the verified results.

Please feel free to contact Laurie Kelly (604-699-5018) if you have any questions regarding our 2014 results.

Sincerely,

Donald R. Lindsay  
President and CEO  
Teck Resources Limited
