Dear Mr. Peeling:

2008 is the second year of participation by IAMGOLD Corporation in the Mining Association of Canada's Toward Sustainable Mining (TSM) Program, and this letter confirms the company has a process to verify the information provided.

The TSM Verification Process included an independent review performed by Managed Process Consulting Inc. (MPC). The verifier assessed the company's self assessed TSM performance indicator results against the requirements of MAC's TSM performance indicators.

Should you require further information or have questions, please contact Annie Blier.

Sincerely,

Joseph F. Conway
President & CEO
