Mr. Gordon Peeling  
President and CEO  
The Mining Association of Canada  
1105-350 Sparks Street  
Ottawa, ON K1R 7S8

Dear Mr. Peeling:

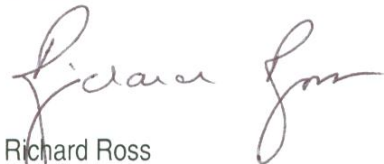

Inmet Mining Corporation has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to the Company's Towards Sustainable Mining (TSM) Performance Indicators.

The TSM Verification Process included an independent review performed by Managed Process Consulting Inc. (MPC). The verifier assessed the company's reported TSM performance indicator results as measured against the requirements of MAC's Towards Sustainable Mining Performance Indicators.

The review confirms that the reported results for the period ending December 31, 2006 fairly state the company's performance, except for the evaluation of corporate Crisis Management Training, which our self-assessment evaluated as a "yes" and which MPC evaluated as a "no" after reviewing the available information. We agree with the change and have modified our evaluation of this indicator accordingly.

Please feel free to contact Craig Ford at (416) 860-3960 if you have any questions about our 2006 results.

Sincerely,

Richard Ross  
Chairman and CEO
