Re: MAC Towards Sustainable Mining External Verification

Dear Ms. Heath,

Syncrude Canada Ltd. has a process in place to verify the information provided to the Mining Association of Canada ("MAC") with respect to our participation in the Towards Sustainable Mining ("TSM") Performance Indicators.

Syncrude's TSM Verification Process included an independent review performed by Robert Duda of Managed Process Consulting Inc. Mr. Duda assessed the company's TSM performance indicator results as measured against the requirements of MAC's *Towards Sustainable Mining Performance Indicators*.

The review confirms that the reported results for the period ending December 31, 2007 fairly state the Syncrude's performance.

Please feel free to contact Kara Flynn, Team Leader, Public Affairs, if you have any further questions in this regard.

Yours truly,
