Mr. Pierre Gratton
President and CEO
Mining Association of Canada
1105-350 Sparks Street
Ottawa, ON K1R 7S8

Dear Mr. Gratton,

Subject: Verification of TSM Self-Assessment for Teck Resources Limited

Teck Resources Limited has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators.

Our TSM Verification Process included an external verification performed by PricewaterhouseCoopers (PwC) or an internal verification performed by Teck's Corporate office, based on results from the last verification cycle. The reviews assessed Teck's reported performance indicator results for the year ending December 31, 2019 as measured against the requirements of MAC's TSM Performance Indicators. Of note, Greenhills and Cardinal River were assessed against MAC's new 2019 Tailings Management Protocol.

Performance was verified for the following operations as outlined in the attached table:

- Trail
- Greenhills
- Cardinal River
- Elkview
- Fording River
- Line Creek

The results submitted online reflect the verified results and the nature of the verification.

Please feel free to contact Chris Stroich (604.695.5837) if you have any questions regarding our 2019 results.

Sincerely,

Donald R. Lindsay
President and CEO
Teck Resources Limited
