Dear Mr. Gratton,

Re: External Verification of TSM Self Assessments for Taseko Mines Limited

Taseko Mines Limited has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators.

Our TSM Verification process included an independent review performed by Environmental Resource Management (ERM). ERM assessed Taseko's reported performance indicator results for the year ending December 31, 2014 as measured against the requirements of MAC's Towards Sustainable Mining Performance Indicators.

Performance was verified for Taseko's Gibraltar Mine facility.

The results submitted online reflect the verified results.

Please feel free to contact Kim Bittman (778) 373 4549 if you have any questions about our 2014 results.

Yours sincerely,

Russell E. Hallbauer
