Dear Mr Pierre Gratton,

**RE: MAC Towards Sustainable Mining internal verification**

Suncor Energy Inc. has a process in place to verify the information provided to the Mining Association of Canada ("MAC") with respect to our participation in the Towards Sustainable Mining ("TSM") Performance Indicators.

Suncor's TSM Verification Process included an independent review by Ernst & Young, LLP. The verifier assessed the company's reported TSM performance indicator results as measured against the requirements of MAC's *Towards Sustainable Mining Performance Indicators*.

The review confirms that the reported results for the period ending December 31, 2015 fairly state Suncor's performance.

Please feel free to contact Anne Marie Toutant, should you have any further questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Little", with several horizontal strokes underneath.
