Dear Mr. Gratton,

Re: Verification of TSM Self-Assessment Results for Nyrstar Langlois

This letter is to attest that Nyrstar has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to the company's Towards Sustainable Mining (TSM) Performance Indicators.

In 2018, independent third party verification was completed of the 2017 TSM self-assessment results for Nyrstar's Langlois operations. The verification was undertaken by EEM Sustainable Management applying the auditing principles and requirements set out in ISO 19011:2011 – Guidelines for Management Systems Auditing and in MAC's Terms of Reference for Verification Service Provides.

The Performance Indicator scores submitted online reflect the externally verified results for 2017.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Strong".
