Re: 2018 Letter of Assurance

September 27, 2019

Newmont Goldcorp is pleased to submit this letter of assurance regarding the 2018 TSM verification results for Musselwhite, Porcupine and Red Lake mines, as well as its 2018 performance indicator results for the Corporate Crisis Management Protocol.

The TSM verification process included an external verification conducted by Ernst & Young LLP to assess Musselwhite, Porcupine and Red Lake mine's reported performance indicator results for the year ended 31 December 2018 as measured against the criteria of the TSM Performance Indicators and supporting guidance contained in each of MAC's seven TSM Assessment Protocols. In addition, external verification was conducted by Ernst & Young LLP against Newmont Goldcorp's performance indicator results for the Corporate Crisis Management Protocol for the same year.

As an active MAC member, you can count on our support and commitment to continually improve our performance and to contribute constructively to the evolution of the TSM program.

Please feel free to contact Petrina Torgerson (604-695-7338) should you have any questions or comments.

Sincerely,

Todd White
Regional Senior Vice President North America
