December 17, 2021

Mr. Pierre Gratton
President and CEO
Mining Association of Canada
1105-350 Sparks Street
Ottawa, ON K1R 7S8

Dear Mr. Gratton,

Subject: Verification of TSM Self-Assessment for Teck Resources Limited

Teck Resources Limited has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators.

PricewaterhouseCoopers provided external verification of all required TSM Protocols for performance indicator results for the year ending December 31, 2021; except the TSM Tailings Management Protocol. Priscu and Associates Consulting Engineers Inc. provided external verification of the TSM Tailings Management Protocol and were specifically chosen for their expertise in tailings management.

Internal verification was performed by Teck head office and BU/site personnel. The reviews assessed Teck's reported performance indicator results for the year ending December 31, 2021, as measured against the requirements of MAC's TSM Performance Indicators. Of note, Line Creek Operations and Highland Valley Copper were assessed against MAC's new Indigenous and Community Relationships Protocol (2019), which is one year ahead of the MAC transition period for implementation of the new version of this Protocol.

Performance was verified for the following operations as outlined in the attached table:

- Elkview
- Fording River
- Greenhills
- Highland Valley Copper
- Line Creek
- Trail
- Vancouver Head Office

The results submitted online reflect the verified results and the nature of the verification (internal or external).

Please feel free to contact Chris Stroich (604.695.5837) if you have any questions regarding our 2021 results.

Sincerely,

Donald R. Lindsay
President and CEO

**Table 1: TSM Verifications for the Year Ending December 31, 2021
Teck Resources Limited**

Operation/Facility	Protocol	Nature of Verification
HVC	Biodiversity Conservation Management (2020 version)	External
	Crisis Management and Communications Planning (2018 version)	External
