Re: 2024 Letter of Assurance

Newmont Corporation has a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to our participation in the Towards Sustainable Mining (TSM) Performance Indicators. Newmont is pleased to submit this letter of assurance regarding the 2024 TSM verification results for our Éléonore operation.

The TSM verification process included an external verification performed by Pricewaterhouse Coopers. The verifiers reviewed the process developed and implemented by Newmont and assessed Éléonore operation's reported performance indicator results for 2024; as measured against the criteria of the TSM Performance Indicators and supporting guidance contained in each of MAC's TSM Assessment Protocols.

The results submitted online and the associated summary report provided reflect the verified results.

Please feel free to contact Ashley Mackay, Principal ESG Reporting and Disclosure (ashley.mackay@newmont.com), should you have any questions or comments regarding the 2024 results.

Sincerely,

A handwritten signature in blue ink that reads "Peter Toth".

Peter Toth
Chief Sustainability and Development Officer
