Dear Mr. Gratton

RE: Verification of TSM Self-Assessment for Elk Valley Resources Ltd.

The only Glencore operations in Canada that obtained external verification of its Towards Sustainable Mining (TSM) performance in 2024 were Elkview Operations and Line Creek Operations.

Both operations have a process in place to verify the information provided to the Mining Association of Canada (MAC) with respect to the Company's TSM Performance Indicators.

External verification was conducted by PricewaterhouseCoopers (PwC) in accordance with the TSM Verification Service Providers Terms of Reference.

The results submitted online reflect the verified results and the nature of the verification (internal or external).

Please feel free to contact Karen Hannan, Manager Environmental Performance or Steve Banks, Group Manager HSEC Reporting & Assurance, for additional information.

Sincerely,

Mike Carrucan
CEO
EVR Operations Ltd.
